

TITLE 54  
PROFESSIONS, VOCATIONS, AND BUSINESSES

CHAPTER 39  
ATHLETIC TRAINERS

54-3901. LEGISLATIVE INTENT. In order to promote the public health, safety, and welfare, to promote the highest degree of professional conduct on the part of athletic trainers, and to assure the availability of athletic trainer services of high quality to persons in need of such services, it is the purpose of this chapter to provide for the registration of persons offering athletic trainers services to the public.

[54-3901, added 1989, ch. 179, sec. 1, p. 441.]

54-3902. DEFINITIONS. As used in this chapter:

(1) "Athlete" means a person who participates in exercises, sports, or games requiring physical strength, agility, flexibility, range of motion, speed or stamina and which exercises, sports or games are of the type generally conducted in association with an educational institution or professional, amateur or recreational sports club or organization.

(2) "Athletic injury" means a physical injury, harm, hurt or common condition (such as heat disorders), incurred by an athlete, preventing or limiting participation in athletic activity, sports or recreation, which athletic trainers are educated to evaluate and treat or refer to the directing physician.

(3) "Athletic trainer" means a person who has met the qualifications for licensure as set forth in this chapter, is licensed under this chapter, and carries out the practice of athletic training under the direction of a designated Idaho licensed physician, registered with the board or a designated Idaho licensed chiropractic physician.

(4) "Athletic training" means the application by a licensed athletic trainer of principles and methods of:

(a) Prevention of athletic injuries;

(b) Recognition, evaluation and assessment of athletic injuries and conditions;

(c) Immediate care of athletic injuries including common emergency medical situations;

(d) Rehabilitation and reconditioning of athletic injuries;

(e) Athletic training services administration and organization; and

(f) Education of athletes.

(5) "Board" means the Idaho state board of medicine.

(6) "Board of athletic trainers" means the Idaho board of athletic trainers established in this chapter.

(7) "Directing physician" means a designated person duly licensed to practice medicine in Idaho, registered with the board or a designated Idaho licensed chiropractic physician, who is responsible for the athletic training services provided by the athletic trainer and oversees the practice of athletic training of the athletic trainer, as established by board rule. This chapter does not authorize the practice of medicine or any of its branches by a person not so licensed by the board.

(a) This direction will be provided by verbal order when the directing physician is present and by written order or by athletic training ser-

vice plans or protocols, as established by board rule, when the directing physician is not present.

(b) Upon referral from a physician licensed in another state and in good standing, the practice of athletic training or physical rehabilitation and/or reconditioning shall be carried out under the written orders of the referring physician and in collaboration with the directing physician.

[54-3902, added 1989, ch. 179, sec. 1, p. 442; am. 2003, ch. 261, sec. 1, p. 686.]

54-3903. SCOPE OF PRACTICE. The scope of practice of athletic trainers under the direction of the designated Idaho licensed physician, registered with the board, or a designated Idaho licensed chiropractic physician, includes:

(1) Prevention of athletic injuries by designing and implementing physical conditioning programs, performing preparticipation screenings, fitting protective equipment, designing and constructing protective products and continuously monitoring changes in the environment.

(2) Recognition and evaluation of athletic injuries by obtaining a history of the injury, individual inspection of the injured body part and associated structures and palpation of bony landmarks and soft tissue structures. Immediate care of athletic injuries may require initiation of cardiopulmonary resuscitation, administration of basic or advanced first aid, removal of athletic equipment, immobilization and transportation of the injured athlete. Concurrent with athletic training service plans or protocols, the athletic trainer will determine if the athlete may return to participation or, if the injury requires further definitive care, the athletic trainer will refer the injured athlete to the appropriate directing physician.

(3) Rehabilitation and reconditioning of athletic injuries by administering therapeutic exercise and physical modalities including cryotherapy, thermotherapy, and intermittent compression or mechanical devices as directed by established, written athletic training service plans or protocols or upon the order of the directing physician.

(4) Athletic training services administration includes implementing athletic training service plans or protocols, writing organizational policies and procedures, complying with governmental and institutional standards and maintaining records to document services rendered.

(5) Education of athletes to facilitate physical conditioning and reconditioning by designing and implementing appropriate programs to minimize the risk of injury.

(6) The scope of practice excludes any independent practice of athletic training by an athletic trainer. An athlete with an athletic injury not incurred in association with an educational institution, professional, amateur or recreational sports club or organization shall be referred by a directing physician, but only after such directing physician has first evaluated the athlete and referred such athlete to the athletic trainer.

[54-3903, added 2003, ch. 261, sec. 2, p. 688.]

54-3904. LICENSURE REQUIRED. It shall be unlawful for any person to practice or to offer to practice as an athletic trainer, or to represent such person to be an athletic trainer unless such person is licensed under the
